

Herstory Index 1974-2010

Notes: This index is a heavily abridged version of the SWCC's internal-use document, and is made available to readers as a courtesy, and for casual look-up purposes only.

Women's names, names of organizations or groups, and broadly defined subject areas have been retained in this version, as have references to unique items of interest (such as "CCF Campaign Pamphlet ca 1945"). All other references (e.g. to artwork and illustrations) have been omitted. The second and third columns indicate the calendar edition in which the item appeared, and the page number.
